

**State Revolving Fund (SRF) Loan Program Categorical Exclusion (CE):  
Town of Geneva, Adams County, Wabash Township, PER: Collection  
System Improvements Project; SRF Project WW 22 17 01 03**

To all interested parties: this is notification that the Town of Geneva Collection System Improvements project is categorically excluded from substantive environmental review. The SRF is submitting the CE for public notice.

The sanitary sewer collection system is known to have significant inflow and infiltration issues. The proposed project will reduce inflow and infiltration into the Town's collection system with the purpose of reducing sewer surcharging, eliminating sanitary sewer overflows, and improving wastewater treatment performance, in accordance with Agreed Order 2018-25299-W and the Town's IDEM-approved Compliance Plan.

Total cost of this project is estimated to be approximately \$2,620,000. The Town of Geneva will finance the project with a loan from the Clean Water SRF Loan Program for a term and annual fixed interest rate to be determined at loan closing. Monthly user rates and charges may need to be analyzed to determine if adjustments are required for loan repayment.
