

RESOLUTION 2017-3

**SHORT TITLE: A RESOLUTION OF THE ADAMS COUNTY SOLID WASTE MANAGEMENT DISTRICT WHICH AMENDS RATES TO BE CHARGED FOR DISPOSAL OF ELECTRONIC WASTE CONTAINING CATHODE RAY TUBES**

**WHEREAS**, the Adams County Solid Waste Management District (ACSWMD) heretofore established rates to be charged for disposal of electronic waste containing cathode ray tubes (CRTs) in Resolution 2014-4, which rates were based upon disposal of computer monitors and the size of televisions; and

**WHEREAS**, it has become increasingly difficult to dispose of electronic waste containing, CRTs, which waste is now disposed of at a rate charged to the ACSWMD based upon weight not the type of electronic waste or its size; and

**WHEREAS**, the ACSWMD is now paying \$0.27 per pound to dispose of such electronic waste; and

**WHEREAS**, when factoring in ACSWMD labor to handle, stack wrap and load such waste, the cost to the ACSWMD to dispose of such waste is at least \$0.30 per pound; and

**WHEREAS**, it is in the best interests of Adams County citizens and the environment to continue to provide the means to properly dispose of such waste so long as the ACSWMD can contract to do so; and

**WHEREAS**, in order to do so, the ACSWMD needs to adjust its gate fees for disposal of such electronic waste so that costs of disposal are more accurately reflected in the fee charged at the gate for such disposal;

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE ADAMS COUNTY SOLID WASTE MANAGEMENT DISTRICT AS FOLLOWS:**

**1. Purpose.** The purpose of this Resolution is to amend gate fees heretofore established in Resolution 2014-4 regarding the disposal of electronic waste containing CRTs.

**2. Amendment.** Resolution 2014-4 is hereby amended by deleting language contained therein concerning gate fees to be charged for Electronic Waste and inserting in the place of such deleted language the following:

**ELECTRONIC WASTE**

All electronic waste may be delivered to the District's Transfer Station, free of charge, for recycling and disposal by private entities who contract with the District, with the exception that a gate fee of \$0.30 per pound shall be charged for the disposal of any type of electronic waste containing cathode ray tubes (CRTs). Each item of electronic waste delivered for disposal shall be weighed by ACSWMD personnel for purposes of calculating the total charge for such disposal.

**3. Effect of Amendment.** Unless otherwise amended herein, all other rates heretofore established in Resolution 2014-4, and any annual rate adjustments since, shall remain in full force and effect.

**4. Effective Date.** The effective date of this Resolution and the amendment to Resolution 2014-4 contained herein shall be November 1, 2017.

**DULY PASSED, ADOPTED AND RESOLVED BY THE BOARD OF DIRECTORS OF THE ADAMS COUNTY SOLID WASTE MANAGEMENT DISTRICT ON THIS 19TH DAY OF SEPTEMBER, 2017.**
